

In addition to publishing regular newsletters and journals over the years, the Victorian Speleological Association Inc. (VSA) has produced several pamphlets, guidebooks and conference proceedings. All documents that you may find here are the sole property of the VSA whom also reserves all applicable rights and holds the copyrights over all of these documents

The VSA Newsletter is published 6 or 7 times a year, alternating with the more substantial Nargun journal which is published 4 times a year. They appear monthly except for the months of January and June. The VSA Newsletter is sent to all members, preferably as a PDF file via email, or a printed copy via post. The Nargun journal is posted to all members, subscribers and a range of other clubs, libraries and Speleological organisations.

Non-members are invited to subscribe to the Nargun journal including those from overseas. Please refer to the membership page for current subscription prices.

Please post your cheque/money order (sorry, no credit cards) with your personal mailing details to:
